

## **Medicinal Marijuana Dispensaries in Yucca Valley**

Whereas we support healthcare choices that will enhance the quality of life of residents for whom other treatments have failed.

Whereas prohibition of medical cannabis denies valuable relief to our friends in need and creates outlaws out of otherwise law-abiding citizens.

Whereas Measure X prohibits minors from entering any establishment filling prescriptions for medical marijuana and that the safe operation of a licensed medical marijuana dispensary was proven during three years of operation in the Town of Yucca Valley without incident.

Therefore, be it resolved that we, the Morongo Basin Democratic Club, support the authorization of multiple marijuana dispensaries in the Town of Yucca Valley, referred to as Measure X in the June 2015 ballot. We further call for letting market forces not government determine the number of regulated dispensaries in the Town of Yucca Valley thereby ensuring full free market competition which benefits the ultimate consumer.
